

**Technical Specifications**

**BSTPL-10 RF Reader**

Operating Frequency Reading Distance	125 KHz
	Maximum 10 CM
Operating Voltage	DC 7V - 40V
	Over Voltage Protection
	Reverse Connection Protection
RF Antenna	Internal RF Antenna
External Interfaces	Power Cable
	RS-232 Interface Cable
	RS-485 Interface Cable
LED Indications	Main Power
	RF Card Detection
Mechanical	ABS Plastic Enclosure
	Desktop and Wall Mounting
	88 x 56 x 27 mm
Features	125 KHz Operating Frequency
	Maximum Card Reading Distance of 10 CM
	Supports Automotive Operating Voltage Range (7 - 40V DC)
	Over Voltage and Reverse Connection Protection
	RS-232 Interface
	RS-485 Interface
	LED Indication For Main Power and Card Reading
	Buzzer Indication For Card Reading
	Nylon FR Enclosure Having 88 x 56 x 27 mm Dimensions
9600 bps Baud Rate	
ASCII Data Output Format
